新视角餐厅酒廊

NEW HEIGHTS

1. 不断重复的天花、立柱和窗的设计，形成餐厅一种固有的风格体系。

The characteristic design of the extended identical ceilings, posts and windows.

2. 稍有倾斜的天窗也被蒙上了同样的黄色。

新视角餐厅酒廊在外滩3号的顶层。餐厅的一部分延伸到露台上，在天气好的时候坐在上面用餐或者喝咖啡是件美事。倚栏而望，从外白渡桥蜿蜒而下的外滩尽收眼底，高耸入云的海关钟楼成了这里最好的背景。

餐厅的风格十分简洁明快。在露台上搭建的部分用木材完成，没有油漆，露出它天然的纹理。餐厅里满眼欢跃的明黄，像是纯正柠檬汁的颜色。立柱和天花的横梁在空间里组合一个个几何框架，让餐厅形成鲜明的层次。中

央的一排立柱把餐厅分成两个部分。依着长条酒柜而建的沙发座，用了浅淡的灰色，感觉十分摩登。为了考虑采光，餐厅留出了足够的玻璃窗。一边落地的方正玻璃可见3号的中庭，另一边的窗外是迷人的江景，新视角里有很多圆形的设计，天花上的圆形里藏着吊灯，在餐厅里投下重叠的影子。露台边的圆形窗里映出外滩的景色，成为餐厅最受欢迎的位置。

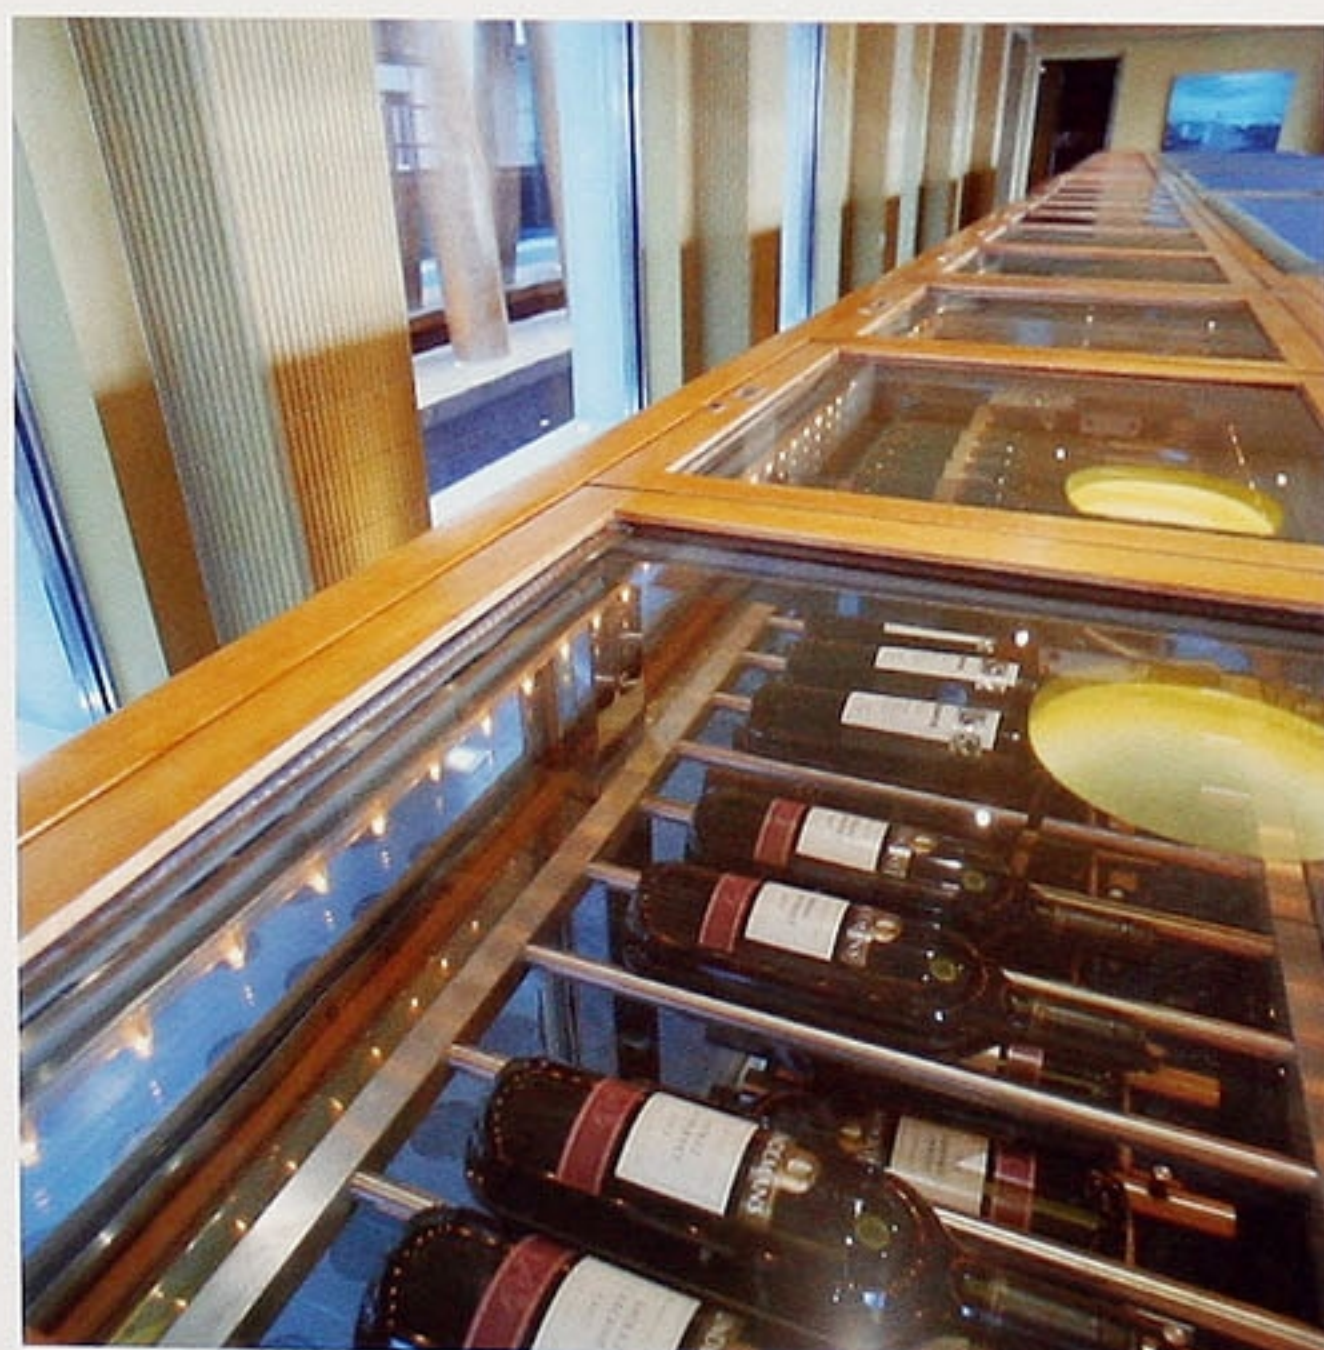

Sitting on the top floor in the No.3 Bund, the New Heights is certainly a restaurant well deserved for its name with a sunny gazebo offering a wonderful meal or coffee along the magnificent overlook of the river and skyscrapers on both banks.

In its bright decoration, the gazebo of the restaurant is built with unpainted crude wood in its natural grain, and the dining hall is set

in the color of lemon juice. Geometrically arranged for its pillars and roof beams, the interior is a space of lucid layers created by the row of posts lining up in the middle and the modern tinge lounge sitting next to the long bar. Saturated in natural light, the room is windowed on either the side for the viewing of the atrium or the other, the river, through its circled design identical to the concealed ceiling light, and indeed, a popular spot for visitors from all around.
